

**CITY OF IRVINE
MAYOR**

MIKE WARD

AGE: 58

OCCUPATION: President, Family-Owned Business

It has been an honor and a privilege serving you for the last 12 years as your Mayor and Councilmember.

I'm proud to have also represented you as Chair of the Orange County Fire Authority, Chair of the Foothill Eastern Transportation Authority and Chair of the Orange County Transportation Authority.

I led our City in the battle against the El Toro airport as a founding member and former Chair of El Toro Reuse Planning Authority.

As a 24-year resident of Irvine, I've seen our city grow into one of the safest and best in the nation.

Now that we've defeated the El Toro airport, and the Orange County Great Park is moving forward, its time to focus on the other important issues facing our city.

We enjoy an unparalleled quality of life in Irvine, but we must never lose sight of what brought us here. Among other things, we made Irvine our home because it offers outstanding parks, services and amenities, clean streets, excellent schools, and a safe environment for our families.

If you elect me again as Mayor, I promise to uphold the highest standards of open and honest government — and always keep Irvine First.
